Report of Independent Auditors

To the Board of Directors of Build America Mutual Assurance Company:

We have audited the accompanying statutory financial statements of Build America Mutual Assurance Company, which comprise the statutory statements of admitted assets, liabilities and capital and surplus as of December 31, 2019 and December 31, 2018, and the related statutory statements of operations and changes in capital and surplus, and cash flows for the years then ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting practices prescribed or permitted by the New York State Department of Financial Services. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, the financial statements are prepared by the Company on the basis of the accounting practices prescribed or permitted by the New York State Department of Financial Services, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Company as of December 31, 2019 and December 31, 2018 or the results of its operations or its cash flows for the years then ended.

Opinion on Statutory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities and capital and surplus of the Company as of December 31, 2019 and December 31, 2018, and the results of its operations and its cash flows for the years then ended, in accordance with the accounting practices prescribed or permitted by the New York State Department of Financial Services described in Note 1.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the statutory-basis financial statements taken as a whole. The supplemental “schedule of investments, schedule of investment risk interrogatories and schedule of reinsurance disclosures” (collectively, the “supplemental schedules”) of the Company as of December 31, 2019 and for the year then ended are presented to comply with the National Association of Insurance Commissioners’ Annual Statement Instructions and Accounting Practices and Procedures Manual and for purposes of additional analysis and are not a required part of the statutory-basis financial statements. The supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the statutory-basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the statutory-basis financial statements or to the statutory-basis financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the statutory-basis financial statements taken as a whole.

Build America Mutual Assurance Company

Notes to Statutory Financial Statements

For the Years Ended December 31, 2019 and 2018

1. Organization and Basis of Presentation

Organization

Build America Mutual Assurance Company (“Build America” or the “Company”) is a New York domiciled mutual financial guaranty insurance company. The Company was capitalized on July 17, 2012 and received its license to write financial guaranty insurance from the New York State Department of Financial Services (the “Department”) and commenced operations on July 20, 2012. Build America is also licensed in the District of Columbia and the remaining 49 states. Build America’s financial strength and counterparty credit ratings of ‘AA/Stable Outlook’, from Standard & Poor’s Ratings Services, were reaffirmed on December 18, 2019. Build America is not licensed to write financial guaranty insurance in Puerto Rico or any other territory or possession of the United States, and it has no exposure to debt issued in Puerto Rico or any other territory or possession of the United States.

The first mutual bond insurance company, Build America is owned by and operated for the benefit of the cities, states and other municipal agencies—the municipal issuers—that use the Company’s ‘AA/Stable Outlook’ rated financial guaranty to lower their cost of funding in the U.S. municipal market.

Build America collects a payment for every policy that it issues, comprising i.) a risk premium and ii.) a Member Surplus Contribution (“MSC”) that is recognized as an addition to other than special surplus funds when collected. An issuer’s MSC is creditable to the payment due when Build America guarantees debt that refunds a debt issue insured by the Company. Issuers whose debt is insured by Build America become members of the Company for as long as they have debt outstanding insured by Build America, and as members have the right to vote and to receive dividends, if declared, and other benefits of mutual membership. The Company’s policies are issued without contingent mutual liability for assessment.

The Company’s first loss reinsurance protection is provided by HG Re, Ltd. (“HG Re”) via a reinsurance treaty (the “Reinsurance Agreement”), whereby HG Re assumes losses in an amount up to 15% of the par outstanding for each insurance policy. HG Re’s obligations under the Reinsurance Agreement are secured by, and limited to the value of the assets held in trusts, which include a beneficial interest in the Series 2018 Surplus Notes as well as other high quality assets, which are pledged for the benefit of Build America.

In addition to the first loss protection provided by HG Re, BAM is party to a collateralized excess of loss reinsurance agreement provided by Fidus Re, Ltd. (“Fidus”), a Bermuda based special purpose insurer created solely to provide reinsurance protection to BAM. Fidus was capitalized by the issuance of \$100,000,000 of insurance linked securities. Fidus provides prospective reinsurance for 90% of aggregate losses exceeding \$165,000,000 on a portion of BAM’s financial guarantee portfolio (“Covered Portfolio”) up to a total reimbursement of \$100,000,000. The Covered Portfolio consists of approximately 55% of gross par in force for BAM’s portfolio of financial guaranty policies as of December 31, 2019. The Company’s excess of loss reinsurance protection provided by Fidus is accounted for using deposit accounting.

The Company became a member of the Federal Home Loan Bank of New York (“FHLB of NY”) on June 13, 2019.

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

Basis of Presentation

The accompanying statutory financial statements have been prepared on the basis of accounting practices prescribed or permitted by the State of New York.

The Department recognizes only statutory accounting practices prescribed or permitted by the State of New York for determining and reporting the financial condition and results of operations of an insurance company for determining its solvency under New York State Insurance Law ("NYSIL"). The National Association of Insurance Commissioners ("NAIC") Accounting Practices and Procedures manual ("NAIC SAP") has been adopted as a component of prescribed practices by the Department.

The Department has the right to permit other specific practices that deviate from prescribed practices. During 2012, the Company received permission from the Department to defer the recognition of the deferred tax liabilities attributable to MSC received until such time as the MSC are included in the Company's taxable income, to the extent that the total gross deferred tax liabilities exceed the total gross admitted deferred tax assets. The Company has the Department's permission to utilize this permitted practice through December 31, 2019. The permitted practice had no effect on net income for the years ended December 31, 2019 or December 31, 2018 and increased surplus by \$6,012,584 and \$-0- as of December 31, 2019 and December 31, 2018.

Summary of Significant Accounting Policies

Invested Assets

Investments in long-term bonds with an NAIC designation of 1 or 2 that are not backed by loans are reported at amortized cost; amortized cost is computed using the effective interest method. Bonds with an NAIC designation of 3 through 6 are carried at the lower of amortized cost or fair value. For bonds purchased at a price below par value, discounts are accreted over the remaining term of the bond. For bonds purchased at a price above par value, premiums are amortized to the call date that produces the lowest yield, or, if there are no call features, premiums are amortized over the remaining term of the bond.

Loan-backed securities with an NAIC designation of 1 or 2 are reported at amortized cost. Loan-backed securities with an NAIC designation of 3 through 6 are carried at the lower of

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

amortized cost or fair value. Changes in estimated cash flows, including the effect of prepayment assumptions, on loan-backed securities are reviewed periodically. Prepayment assumptions are applied consistently to securities backed by similar collateral. Loan-backed securities are revalued using the estimated cash flows, including new prepayment assumptions, using the retrospective adjustment method. If there is an increase in expected cash flows, the Company will recalculate the amount of accretable yield. If there is a decrease in expected cash flows or if the fair value of the loan-backed security has declined below its amortized cost basis, the Company determines whether an other-than-temporary-impairment (“OTTI”) has occurred.

The Company did not hold any bonds with NAIC designations 3 through 6 as of December 31, 2019 or December 31, 2018.

For loan-backed securities for which the fair value has declined below its amortized cost basis and the Company either: (i) has the intent to sell the security, or (ii) does not have the intent or ability to hold security for a period of time sufficient to recover the amortized cost basis, an OTTI shall have occurred. The amount of the OTTI recognized in earnings as a realized loss will equal the entire difference between security’s amortized cost basis and its fair value at the balance sheet date.

When an OTTI has occurred because the Company does not expect to recover the entire amortized cost basis of the security, even if the Company has no intent to sell and the Company has the intent and ability to hold, the amount of the OTTI recognized in earnings as a realized loss shall be equal to the difference between the security’s amortized cost basis and the present value of cash flows expected to be collected.

The Company has not recorded any OTTI for the years ended December 31, 2019 or 2018. However, because OTTI is based on management’s judgment and estimates, there can be no assurance that the Company will not record OTTI in future periods.

Common stock investments are stated at fair value.

Short-term investments are stated at amortized cost and consist primarily of bonds with maturities of less than one year.

Cash and cash equivalents are carried at cost, which approximates fair value, and consists of cash in depository accounts, short-term obligations of the U.S. government and its agencies with original maturities of less than 90 days and money market mutual funds registered under the Investment Company Act of 1940 (the “Act of 1940”) and regulated under Rule 2a-7 of the Act of 1940.

Premiums

Upfront written premiums are earned on a basis proportionate to the remaining scheduled periodic maturity of principal and payment of interest to the original total principal and interest insured. Installment premiums are reflected in income pro-rata over the installment period covered. Unearned premiums represent the portion of premiums written that relate to unexpired risk. When an issue insured by the Company has been refunded or called, the remaining unrecognized premium is earned at that time.

Premiums ceded to reinsurers reduce the amount of earned premium the Company recognizes from its insurance policies. Ceded premium is recognized in earnings in proportion to and at the same time the related gross premium revenue is recognized. Ceding commission income is recognized in earnings when due.

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

Expenses incurred in connection with the acquisition of new insurance business are charged to operations as incurred and are reduced for ceding commissions received or receivable.

Unpaid Loss and Loss Adjustment Expenses

The Company's financial guaranty insurance contracts provide an unconditional and irrevocable guaranty of the payment of the principal and interest of insured obligations when due.

Case basis loss reserves are established in an amount equal to the present value of management's estimate of future claim payments discounted using the average rate of return on admitted invested assets. Case basis loss reserves are established on a contract-by-contract basis when an insured event has occurred or an insured event is expected in the future based upon credit deterioration that has already occurred and has been identified. Subsequent changes to the measurement of loss reserves are recognized as losses incurred in the period of change.

The Company did not have any loss or loss adjustment expense reserves as of December 31, 2019 or December 31, 2018. However, because the reserves are based on management's judgment and estimates, there can be no assurance that the Company will not incur loss or loss adjustment expenses in future periods.

Member Surplus Contributions

MSC payments are recognized as an addition to surplus when collected.

Mandatory Contingency Reserve

The Company is required to establish a mandatory contingency reserve in accordance with NAIC SAP, NYSIL and the insurance laws of each of the states in which it is licensed. The mandatory contingency reserve is a liability established to protect policyholders against the effect of adverse economic developments or cycles or other unforeseen circumstances. Under NAIC SAP, financial guarantors are required to establish a contingency reserve equal to the greater of 50% of premiums written or a stated percentage of the principal guaranteed based on the category of obligation insured. Contributions under NAIC SAP are made in equal quarterly installments over a period of 20 years for municipal bonds. Such contributions may be discontinued if the total reserve established for all categories exceeds the sum of the stated percentages multiplied by the unpaid principal balance. Under the Department's prescribed and permitted practices, a municipal bond insurer is required to establish a contingency reserve as calculated above. Certain states in which Build America is licensed may require contingency reserves greater than the amount required by NAIC SAP or NYSIL. Accordingly, the Company calculates contingency reserves using the requirements of each state in which it is licensed and records a contingency reserve equal to the greatest result. A guarantor may be permitted to release reserves under specified circumstances in the event that actual loss experience exceeds certain thresholds or if the reserve accumulated is deemed excessive in relation to the guarantor's outstanding guaranteed obligations, with notice to or approval by the Department.

The NAIC SAP mandatory contingency reserve may be released on a first-in, first-out basis through unassigned surplus in the following circumstances:

- In any year where incurred losses exceed 35% of the corresponding earned premiums, with the Department's approval;

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

- If the reserve has been in existence less than 40 quarters, upon demonstration that the amount is excessive in relation to the outstanding obligations under the Company's financial guarantees, with the Department's approval;
- If the reserve has been in existence more than 40 quarters, upon demonstration that the amount is excessive in relation to the outstanding obligations under the Company's financial guarantees, upon 30 days prior written notice to the Department.

Reinsurance Ceded

Premiums earned, losses and loss adjustment expenses incurred and contributions to the mandatory contingency reserve are reported net of ceded reinsurance. Estimated amounts recoverable on unpaid losses and loss adjustment expenses are determined based on the Company's estimate of losses and loss adjustment expenses and the terms and conditions of the Reinsurance Agreement. As of December 31, 2019 and December 31, 2018, there were no reinsurance recoverables on unpaid losses.

Reinsurance contracts that have a more than remote probability of significant variations in the amount and timing of net cash flows are generally considered to transfer risk from the cedant to the reinsurer; these contracts are accounted for using reinsurance accounting. Reinsurance contracts that do not meet these criteria are deemed to not transfer risk from the cedant to the reinsurer, and are accounted for as deposits.

Nonadmitted Assets

The assets included in the accompanying statutory statement of admitted assets, liabilities and capital and surplus are stated at amounts consistent with valuation methodologies prescribed by NAIC SAP. Assets designated as nonadmitted are charged directly to unassigned surplus. Nonadmitted assets consist principally of non-operating software, prepaid expenses and furniture and equipment. Nonadmitted assets were \$4,557,106 and \$4,999,739 as of December 31, 2019 and December 31, 2018, respectively.

Income Taxes

Federal income taxes are recorded as an expense when payable. Deferred federal income taxes are provided for differences between the NAIC SAP financial statement amounts and the tax bases of assets and liabilities, subject to various limitations. Gross deferred tax assets are reduced by a valuation allowance if it is more-likely-than-not that some portion or all of the gross deferred tax assets will not be realized. The Company admits gross deferred tax assets, subject to certain capital requirements, to the sum of: (i) federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Service tax loss carryback provisions, not to exceed three years, and (ii) the lesser of: (a) the amount of adjusted gross deferred tax assets expected to be realized within three years of the balance sheet date, or (b) fifteen percent of statutory capital and surplus as required to be shown on the statutory balance sheet of the Company for its current statement, adjusted to exclude any net deferred tax assets, electronic data processing equipment, operating system software and any net positive goodwill, and (iii) the amount of adjusted gross deferred tax assets that can offset against existing gross deferred tax liabilities. The admissibility of gross deferred tax assets included in item (ii) above are subject to the realization threshold limits prescribed in the Statement of Statutory Accounting Principles No. 101, *Income Taxes – A Replacement of SSAP No. 10R and SSAP No. 10*

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

("SSAP 101"). Changes in net admissible deferred tax assets are charged or credited directly to unassigned surplus.

Surplus Notes

Surplus notes are reported as surplus on the Company's statutory statement of admitted assets, liabilities and capital and surplus. Surplus note interest payments are reported as a reduction in investment income when approved by the Department. Accordingly, unapproved interest is not reported as a reduction in investment income and is not reported as a liability in the statutory statement of admitted assets, liabilities and capital and surplus.

Property and Equipment

Build America's written policy with respect to the capitalization of prepaid expenses, electronic data processing equipment, software, furniture, fixtures, other equipment and/or leasehold improvements is that purchases of less than ten thousand dollars are not capitalized and are expensed when purchased.

Purchases meeting the capitalization threshold that provide probable future economic benefits to the Company are capitalized. Expenses for the amortization of capitalized assets are recognized over the estimated useful lives of the assets as follows:

<u>Class of Asset</u>	<u>Estimated Useful Life</u>
Personal computers	3 years
Electronic data processing equipment	3 years
Software - operating	3 years
Software - non-operating	5 years
Office equipment	5 years
Furniture and fixtures	10 years
Leasehold improvements ¹	10 years

¹ The estimated useful life of leasehold improvements is the lesser of 10 years or the remaining term on the lease for the location of the improvements.

Use of Estimates

The preparation of the statutory financial statements requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statutory financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ materially from these estimates. The significant estimates used in the preparation of the Company's statutory financial statements, and therefore considered to be critical accounting estimates, include, but are not limited to, unpaid loss and loss adjustment expenses, the valuation of investments and deferred tax assets and liabilities. In addition, estimates are used to evaluate risk transfer for ceded reinsurance transactions. Results of changes in estimates are generally reflected in results of operations in the period in which the change is made.

Going Concern

Management has evaluated the Company's ability to continue as a going concern and does not believe there are conditions or events, considered in the aggregate, that raise substantial doubt

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

regarding the Company's ability to continue as a going concern within one year of the issuance of the statutory financial statements for the years ended December 31, 2019 and December 31, 2018.

Recent Accounting Pronouncements

The NAIC adopted revisions to Statement of Statutory Accounting Principal No. 30R, *Unaffiliated Common Stock* ("SSAP No. 30R"), expanding the definition of common stock to include U.S. SEC registered closed-end funds and unit-investment trusts. The revisions are effective January 1, 2019. The adoption of the revisions to SSAP No. 30R did not impact admitted assets or policyholder surplus or net income upon adoption.

Differences from Generally Accepted Accounting Principles in the United States of America

NAIC SAP varies from generally accepted accounting principles in the United States of America ("U.S. GAAP"). The effects on the financial statements of the variances between NAIC SAP and U.S. GAAP, although not reasonably determinable, are presumed to be material. The more significant differences are:

- Under U.S. GAAP, investments are reported at fair value. Unrealized holding gains and losses are included in income. Under NAIC SAP, investment grade bonds are reported at amortized cost and non-investment grade bonds are carried at the lower of amortized cost or fair value. Unrealized holding gains and losses on equity securities and unrealized losses on non-investment grade bonds are recorded as a direct credit or charge to unassigned surplus;
- Under U.S. GAAP, premiums for financial guaranty insurance contracts are earned using a constant yield method based on the insured principal amount outstanding, while under NAIC SAP, upfront premiums written for financial guaranty insurance contracts are earned on a basis proportionate to the remaining scheduled periodic maturity of principal and payment of interest to the original total principal and interest insured and installment premiums are reflected in income pro-rata over the installment period. Additionally, under U.S. GAAP, installment premiums receivable are recorded at the present value of the premiums due over the period of the financial guaranty insurance contract using a discount rate which reflects the risk-free rate at the inception of the financial guaranty insurance contract;
- Under U.S. GAAP, unearned premium reserves are reported gross of amounts ceded to reinsurers, while under NAIC SAP, such amounts are reported net of amounts ceded to reinsurers;
- Under U.S. GAAP, policy acquisition costs and commissions are deferred and amortized or accreted as the related premium is earned, while under NAIC SAP policy acquisition costs and commissions are included in operations as incurred or due only to the extent that the ceding commissions paid do not exceed the anticipated acquisition cost of the business ceded and if exceeded, a liability is established and amortized pro rata over the effective period;
- Under U.S. GAAP, surplus notes are reported as liabilities, while under NAIC SAP, surplus notes are reported in a separate caption within surplus;
- Under U.S. GAAP, interest on surplus notes is accrued as an expense and reported as a liability based on the contractual due dates of the surplus notes, while under NAIC SAP,

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

interest on surplus notes is reported as an expense and reported as a liability when the Department approves payment;

- Under U.S. GAAP, there is no concept of nonadmitted assets and the Company uses judgment and estimates to determine if the carry value of assets has been impaired, while under NAIC SAP, assets designated as nonadmitted assets such as deferred tax assets, furniture and equipment, prepaid expenses and receivable balances more than ninety days overdue are excluded from assets and charged to statutory unassigned surplus;
- Under U.S. GAAP, unpaid losses and loss adjustment expenses are: (i) reported gross of amounts ceded to reinsurers, (ii) are reported net of related unearned premiums and (iii) are discounted at the risk-free rate, while under NAIC SAP such amounts are: (iv) reported net of amounts ceded to reinsurers, (v) are not reported net of related unearned premiums and (vi) are discounted at the rate of return on admitted invested assets;
- Under U.S. GAAP, deferred taxes are reflected in the statement of operations, while under NAIC SAP the admissible deferred income tax assets and deferred tax liabilities and charges in admissible net deferred tax balances are recorded directly to unassigned surplus;
- Under NAIC SAP, a liability for a mandatory contingency reserve is reported and charged directly to unassigned surplus, while no such liability is required under U.S. GAAP; and
- Under NAIC SAP, a liability for unsecured reinsurance recoverables due from unauthorized reinsurers is recorded based on criteria established by the NAIC and charged directly to surplus, while under U.S. GAAP the Company establishes an amount for uncollectible reinsurance recoverables based on the credit quality of the reinsurer and the Company's judgment.

Total bonds	<u>\$ 255,739,789</u>	<u>\$ (4,550,410)</u>

The Company routinely reviews its investments to determine whether unrealized losses represent temporary changes in fair value or are the result of an OTTI. The process of determining whether a security is other-than-temporarily impaired is subjective and involves analyzing many factors. These factors include, but are not limited to, the overall financial condition of the issuer, the length and magnitude of an unrealized loss, specific credit events, the collateral structure and credit enhancements that may be applicable to loan-backed securities. The Company also considers its ability and intent to hold a security for a sufficient period of time for the value to recover the unrealized loss, which is based, in part, on current and anticipated future positive net cash flows from operations that generate sufficient liquidity in order to meet the Company's obligations. If it is determined that an unrealized loss on a security is other-than-temporary, the Company recognizes a realized capital loss in the statement of operations in the period the write down occurred. In the case of mortgage-backed securities, the security is written down to the greater of the present value of expected future cash flows or the fair value of the security. All other securities determined to have an OTTI are written down to fair value.

The Company did not record any OTTI for the years ended December 31, 2019 or December 31, 2018.

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

The carrying values and the related fair market values of bonds, by contractual maturity, are as follows:

As of December 31, 2019	Carrying Value	Fair Value
One year or less	\$ 83,967,472	\$ 84,255,576
Over one year to five years	129,215,767	130,728,617
Over five years to ten years	36,825,339	39,361,596
Over ten years	134,936,828	144,011,304
Mortgage- and asset-backed securities	96,240,010	96,788,490
Total bonds	\$ 481,185,416	\$ 495,145,583

Net investment income is summarized by invested asset class as follows:

Investment Income (Expense)	For the Year Ended December 31, 2019	For the Year Ended December 31, 2018
Bonds	\$ 13,736,729	\$ 11,857,705
Cash, cash equivalents and short-term investments	835,525	375,721
Total investment income	\$ 14,572,254	\$ 12,233,426
Less: investment expenses	(510,373)	(485,254)
Less: interest expense	(11,337,167)	(9,174,413)
Net investment income	\$ 2,724,714	\$ 2,573,759

Interest expense on surplus notes was \$8,354,097 and \$5,259,931 for the years ended December 31, 2019 and December 31, 2018, respectively. Interest expense related to deposit accounting reinsurance was \$2,983,070 and \$3,914,482 for the years ended December 31, 2019 and December 31, 2018, respectively. There were no amounts of accrued investment income not admitted as of December 31, 2019 or December 31, 2018.

Net realized gains and losses by invested asset class were comprised of the following:

		For the Year Ended December 31, 2019			
		Gross Realized Gains	Gross Realized Losses	Tax (Expense) Benefit	Net Realized Capital Gains (Losses)
Bonds		\$ 53,571	\$ (21)	\$ -	\$ 53,550
Total		\$ 53,571	\$ (21)	\$ -	\$ 53,550
		For the Year Ended December 31, 2018			
		Gross Realized Gains	Gross Realized Losses	Tax (Expense) Benefit	Net Realized Capital Gains (Losses)
Bonds		\$ 2,401	\$ (191,903)	\$ -	\$ (189,502)
Total		\$ 2,401	\$ (191,903)	\$ -	\$ (189,502)

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

Proceeds from sales of investments in bonds, excluding maturities and paydowns, during the years ended December 31, 2019 and 2018 were \$3,959,885 and \$4,927,840, respectively.

As of December 31, 2019 and December 31, 2018, securities with a carrying value of \$5,030,921 and \$6,109,787, respectively, were on deposit with various state and other regulatory authorities as required by law. As of December 31, 2019 and December 31, 2018, assets with a carrying value of \$720,000 and \$720,000, respectively, were held in trust for as collateral for the benefit of reinsurers. As of December 31, 2019 and December 31, 2018, assets with a carrying value of \$72,589 and \$72,589, respectively, were held by lessors to benefit the lease obligations of the Company.

3. Fair Value Measurements

The fair values of the Company's financial instruments are determined primarily through the use of observable inputs. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from external independent sources. Unobservable inputs reflect management's assumptions about what market participants' assumptions would be in pricing the asset or liability based on the best information available. The Company classifies financial assets in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement. This classification requires judgment in assessing the market and pricing methodologies for a particular security. The fair value hierarchy is comprised of the following three levels:

- Level 1: Valuations are based on unadjusted quoted prices in active markets for identical financial assets or liabilities;
- Level 2: Valuations of financial assets and liabilities are based on prices obtained from independent index providers, pricing vendors or broker-dealers using observable inputs; and
- Level 3: Valuations are based on unobservable inputs for assets and liabilities where there is little or no market activity. Management's assumptions and/or internal valuation pricing models are used to determine the fair value of financial assets or liabilities.

The Company did not carry any assets or liabilities at fair value as of December 31, 2019 or December 31, 2018.

The following inputs, methods and assumptions were used to determine the fair value of each class of financial instrument for which it is practicable to estimate that value:

Bonds

The estimated fair values generally represent prices received from third party pricing services or alternative pricing sources. The pricing services prepare estimates of fair value measurements using their pricing applications, which include available relevant market information, benchmark curves, benchmarking of like securities and matrix pricing. The observable inputs used in the valuation of these securities may include the spread above the risk-free yield curve, reported trades, broker-dealer quotes, bids, prepayment speeds, delinquencies, loss severity and default rates. In cases where specific market quotes are unavailable, interpreting market data and estimating market values require considerable judgment by management. Accordingly, the estimates presented are not necessarily indicative

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

of the amount the Company could realize in the market. In these cases, the fair value measurements are primarily classified as Level 2.

Common Stocks

The Company's common stock investments relate to holdings in the FHLB of NY. FHLB of NY's capital plan prescribes the par value of the capital stock is \$100 and all capital stock is issued, redeemed, repurchased or transferred at par value. Since there is not an observable market for the FHLB of NY common stock, it has been classified as Level 3. The fair value of the FHLB of NY's common stock is presumed to equal par as prescribed by SSAP 30R, *Unaffiliated Common Stock*. The FHLB of NY stock was \$95,100 and \$0 at December 31, 2019 and December 31, 2018, respectively.

Cash, Cash Equivalents and Short-Term Investments

The fair value of cash and short-term investments approximates its amortized cost. The fair value measurements were classified as Level 1.

Investment Income Due and Accrued

The fair value of investment income due and accrued approximates carrying value, and the fair value measurements were classified as Level 1.

Net Financial Guaranty Insurance Contracts

The fair value of net financial guaranty insurance contracts represents the Company's estimate of the cost to Build America to completely transfer its insurance obligations to another financial guarantor under current market conditions. Theoretically, this amount should be the same amount that another financial guarantor would hypothetically charge in the market place to provide the same protection as of the balance sheet date. The cost to transfer these insurance obligations is based on the carrying values of unearned premium reserves and member surplus contributions, which are observable inputs, less estimated ceding commissions, which are not observable inputs. The Company has classified this fair value measurement as Level 3.

Transfers of assets and liabilities into or out of Level 3 are recorded at their fair values as of the end of each reporting period, consistent with the date of determination of fair value. During the years ended December 31, 2019 and December 31, 2018, the Company did not transfer any assets or liabilities into or out of Level 3. The liability for net financial guaranty insurance contracts as of December 31, 2019 and December 31, 2018 had an estimated fair value of \$223,912,113 and \$179,545,907, respectively.

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

The Company had no items for which it was not practicable to estimate fair values as of December 31, 2019 or December 31, 2018.

4. Income Taxes

The Company's permitted practice with respect to the deferral of the recognition of deferred tax liabilities ("DTL") on MSC collected increased surplus by \$6,012,584 and \$-0- for the years ended December 31, 2019 and 2018, respectively.

The components of DTA and DTL are as follows:

	Ordinary	Capital	Total
<u>As of December 31, 2019:</u>			
Gross deferred tax assets	\$ 69,041,555	\$ 54,643	\$ 69,096,198
Less: valuation allowance adjustment	-	54,643	54,643
Subtotal - adjusted gross deferred tax assets	\$ 69,041,555	\$ -	\$ 69,041,555
Deferred tax assets non-admitted	-	-	-

Increase (decrease) in actual tax reported resulting from:		
Change in valuation allowance	5,527,314	5,328,930
Tax on member surplus contribution	3,548,968	2,561,163
Interest on surplus notes	(987,986)	(1,350,419)
All other items	(39,347)	717,302
Federal income taxes incurred expense	\$ -	\$ -
Change in net deferred income tax charge	-	-
Total statutory income taxes	<u>\$ -</u>	<u>\$ -</u>

5. Unpaid Losses and Loss Adjustment Expenses

Insured obligations are monitored periodically with the objective of identifying emerging trends, updating the external and internal ratings and surveillance categories and avoiding or minimizing losses. The Company classifies each credit in its insured portfolio using the following surveillance categories:

I – Performing – Standard Oversight

Credit is performing well. No losses are expected.

II – Performing – Enhanced Oversight

Credit experiencing financial, legal, or administrative problems, causing overall credit quality deterioration or a breach of one or more covenants or triggers. Issuers in this category are, to the extent possible, taking all necessary remedial actions. For some issuers, factors outside of their control are the cause, at least in part, of the deterioration in their credit profile. Issuers in this category are more closely monitored by Surveillance. Despite the current credit difficulties, BAM does not expect any interruption of debt service payments and no losses are expected.

III – Watchlist – Deteriorated

Credit experiencing financial, legal, or administrative problems, causing overall credit quality deterioration or a breach of one or more covenants or triggers, which if not corrected could lead to a loss on the policy. Issuers in this category are not taking conclusive remedial action or are unable to do so due to external factors, requiring Surveillance to employ enhanced surveillance and loss mitigation procedures. This may include the development of

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

a remediation plan in consultation with internal and/or external attorneys, and/or outside consultants. The objectives of any remediation plan would be to address the problems the issuer is facing and any external factors impacting the credit, as well as ensuring that creditor's rights are enforced and curing any breaches that may have occurred with respect to any credit triggers or covenants. BAM may work with other insurers, bondholders, and/or interested parties on remediation efforts, as applicable. Probability of a loss is remote.

IV – Watchlist – Distressed

A loss is expected or losses have been paid and have not been recovered or are not recoverable. Surveillance is employing enhanced surveillance and loss mitigation procedures, and may include a remediation plan developed in consultation internal and/or external attorneys, and/or outside consultants. Probability of a loss is elevated.

All credits are deemed Performing and have been assigned to either category “I – Performing – Standard Oversight” or “II – Performing – Enhanced Oversight.”

The Company did not have any loss or loss adjustment expense reserves as of December 31, 2019 or December 31, 2018.

6. Reinsurance

As discussed in Note 1 – Organization and Basis of Presentation, Build America is provided first loss reinsurance protection by HG Re via the Reinsurance Agreement.

The following table summarizes reinsurance:

	<u>As of December 31, 2019</u>		<u>As of December 31, 2018</u>	
	<u>Unearned Premiums</u>	<u>Commission Equity</u>	<u>Unearned Premiums</u>	<u>Commission Equity</u>

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

7. Insurance In Force

The insurance policies issued by Build America are unconditional and irrevocable guarantees of the payment of the principal and interest when due. The Company's insurance in force represents the aggregate amount of the insured principal on insured obligations, net of reinsurance.

The creditworthiness of each issuer of an insured obligation is evaluated prior to the issuance of insurance and must comply with Build America's underwriting guidelines. These guidelines are based on the aspects of credit quality that Build America deems important for each category of obligation. These include but are not limited to economic trends, financial management, viable tax and economic bases and estimated cash flows.

As discussed in Note 6 - Reinsurance, Build America is provided first loss reinsurance protection via the Reinsurance Agreement.

As of December 31, 2019, insurance in force on insured obligations had a contractual maturity range of less than one year to 40 years.

8. Capital and Surplus and Dividend Restrictions

Build America is a mutual insurance company domiciled in New York. NYSIL defines the scope of permitted financial guaranty insurance and governs the conduct of business of all financial guarantors licensed to do business in the State of New York, including Build America. NYSIL also establishes single risk and aggregate risk limits with respect to insured obligations insured by financial guaranty insurers. Single risk limits are specific to the type of insured obligation. Under NYSIL, policyholders' surplus and contingency reserves must be equal to or greater than a percentage of aggregate net liability. The percentage of aggregate net liability is equal to the sum of various percentages of aggregate net liability for various categories of specified obligations. In addition, to the extent applicable, Build America must also comply with the single and aggregate risk limits established by the insurance laws in the other states and jurisdictions the Company is licensed.

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

Details regarding the Surplus Notes issued by the Company are as follows:

<u>As of December 31, 2019</u>	<u>Series 2018</u>
Date issued	December 3, 2018
Date of maturity	April 1, 2042
Interest rate	variable
Par value	\$ 457,616,836
Carrying value	\$ 457,616,836
Principal and interest paid:	
In current period	\$ 32,000,000
In total	\$ 60,000,000
Unapproved principal and interest	\$ 620,309,286

On December 3, 2018, the Series 2017 Surplus Notes were exchanged for Series 2018 Surplus Notes, which reflect all of the unapproved interest from the Series 2017 Surplus Notes. The Series 2018 Surplus Notes are held in an HG Re sponsored vehicle. HG Re's beneficial interest in the Series 2018 Surplus Notes is pledged for the benefit of Build America. The interest rate on both the Series 2017 Surplus Notes and the Series 2018 Surplus Notes during 2018 was a variable rate equal to the one-year U.S. treasury rate plus 300 basis points. During 2018, Build America exercised its option to extend the variable rate period on the Series 2018 Surplus Notes for three years to December 31, 2021. The Series 2018 Surplus Notes interest rate decreased from 5.70% to 4.57% for 2020. In January 2020, the expiration on the variable rate interest period was extended from December 31, 2021 to December 31, 2024. Following the expiration of the variable rate period, the interest rate adjusts to the higher of the then variable rate or 8%.

The Second Amended and Restated Surplus Note Purchase Agreement (the "Second Amended Surplus Note Agreement") provides for quarterly payments on every March 1, June 1, September 1, and December 1, until all amounts due on the Series 2018 Surplus Notes have been paid, upon: i.) the Company's request for authority to make payment and ii.) the Department's approval of that request. These conditions to the payment of interest due on the Series 2018 Surplus Notes allow for the deferral of interest without the occurrence of a default under the Second Amended Surplus Note Agreement. No interest shall be accrued on deferred interest payments.

As funds become available, they will be used on each payment date to make payments of outstanding principal of the Series 2018 Surplus Notes, plus any accrued interest thereon. All payments in respect of accrued interest on the Series 2018 Surplus Notes shall be paid to the holders of the rights to receive such interest pro rata in proportion to their rights as of the date of any such payment. The Company may not make any payment of principal on any debt subordinated to the Series 2018 Surplus Notes until all interest due and all outstanding principal on all of the Series 2018 Surplus Notes has been paid.

The Series 2018 Surplus Notes are expressly subordinate and junior to the Company's policy obligations and all other liabilities other than distribution of assets to members. Because the Company is a mutual company, there is no liquidation preference for the insurer's common and preferred shareholders, as no such shares exist.

While the scheduled maturity date of the Series 2018 Surplus Notes is April 1, 2042, the Company has the option to pre-pay, in whole or in part, the principal amount of the Series 2018

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

Surplus Notes at par value prior to such date subject to Department approval and the conditions noted in the previous paragraphs.

The Department approved a \$32,000,000 payment on the Surplus Notes on December 4, 2019. Build America paid \$23,645,903 of principal and \$8,354,097 of interest on December 16, 2019. On January 3, 2020, the Company received approval from the Department for a \$65,000,000 payment on the Surplus Notes. Build America paid \$47,878,609 of principal and \$17,121,391 of interest on January 16, 2020.

9. Information Concerning Related Party Transactions

During 2014, the Company formed BAM Asset Management, LLC (“BAM AM”), a wholly owned non-insurance limited liability company domiciled in Delaware. The Company utilizes the look-through approach in valuing BAM AM at \$1,713. BAM AM’s U.S. GAAP basis financial statements are not audited and therefore the Company does not admit the entire investment in BAM AM as of December 31, 2019 and December 31, 2018.

10. Retirement Plans and Deferred Compensation

The Company participates in a multiemployer defined contribution plan. All of Build America’s employees are co-employed by Build America and a professional employer organization (“PEO”). Under this arrangement, the PEO is the employer of record; however, Build America directs the employees’ day-to-day activities. Employees are eligible to participate in the PEO’s defined contribution plan. Build America makes a matching contribution subject to limits set by the Internal Revenue Code. The Company provides a 100% match on employee contributions up to 3% of the employee’s base pay and a 50% match on employee contributions up to an additional 2% of the employee’s base pay. The total cost to the Company of the defined contribution plan was \$588,170 and \$531,000 for the years ended December 31, 2019 and December 31, 2018, respectively.

11. Contingencies and Commitments

Outstanding Commitments for Financial Guaranty

As of December 31, 2019, Build America had commitments to insure obligations with total principal and interest of approximately \$767,000,000.

Litigation

In the normal course of operating a business, Build America may be involved in various legal proceedings. The Company is not currently aware of any pending or threatened material litigation or arbitration.

Lease Commitments

The Company leases space in New York and California under operating lease agreements that expire through January 1, 2026.

Rental expense for the years ended December 31, 2019 and 2018 was \$1,977,499 and \$2,094,369, respectively.

Build America Mutual Assurance Company

Notes to Statutory Financial Statements, continued

For the Years Ended December 31, 2019 and 2018

The minimum aggregate rental commitments are as follows:

<u>As of December 31, 2019</u>	
Year ending:	
December 31, 2020	\$ 2,139,108
December 31, 2021	1,764,188
December 31, 2022	1,797,540
December 31, 2023	1,797,540
December 31, 2024	1,797,540
Thereafter	<u>2,396,720</u>
Total	<u>\$ 11,692,636</u>

12. Subsequent Events

Subsequent events have been considered through February 12, 2020, the date upon which the audited statutory financial statements were available to be issued. On January 3, 2020, the Department approved the payment of \$65,000,000 of the Surplus Note. The Company paid \$47,878,609 of principal and \$17,121,391 of interest on January 16, 2020. Based on the evaluation, no other material items were noted.

See accompanying report of independent auditors.

Build America Mutual Assurance Company

Schedule III – Reinsurance Summary Supplement

For the Year Ended December 31, 2019

1. The Company has no quota share reinsurance contracts in force that include a provision that would limit the reinsurer's losses below the stated quota share percentage.
2. The Company has ceded risk under a reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement:
 - it recorded a positive or negative underwriting result greater than five-percent (5%) of prior year end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than five-percent (5%) of prior year-end surplus as regards policyholders;
 - it accounted for that contract as reinsurance and not as a deposit; and
 - the contract(s) contain one or more of the following features or other features that would have similar results:
 - a contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;
 - a limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;
 - aggregate stop loss reinsurance coverage;
 - an unconditional or unilateral right by either party to commute the reinsurance contract except for such provisions which are only triggered by a decline in the credit status of the other party;
 - a provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity during the period); or
 - payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity.
3. The Company does have a reinsurance agreement wherein the positive or negative underwriting result represents five percent (5%) or more of prior year-end surplus as regards policyholders or its reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than five percent (5%) of prior year-end surplus as regards policyholders where:
 - the written premium ceded to the reinsurer by the Company represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or
 - twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the Company or its affiliates in separate reinsurance contract.

Build America Mutual Assurance Company

Schedule III – Reinsurance Summary Supplement (continued)

For the Year Ended December 31, 2019

4. The Company has not ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:
- accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles (“SAP”) and as a deposit under generally accepted accounting principles (“GAAP”); or
 - accounted for that contract as reinsurance under GAAP and as a deposit under SAP.

The Company is party to a first loss reinsurance treaty (the "Reinsurance Agreement") whereby HG Re, Ltd. assumes all of the Company's directly insured losses in an amount up to 15% of the par outstanding for each insured policy. HG Re, Ltd.'s obligations under the Reinsurance Agreement are secured by, and limited to the value of the assets held in trusts which include a beneficial interest in the Series 2018 Surplus Notes as well as other high quality assets, which are pledged for the benefit of the Company.

The purpose of this contract is to provide 100% loss protection on the first 15% of par on each default.

The table below summarizes the financial impact for the Reinsurance Agreement, which meets the criteria for both items 2 and 3 above:

	As Reported	Reinsurance Effect	Restated Reinsurance
Assets	\$ 534,883,931	\$ (146,138,896)	\$ 681,022,827
Liabilities	\$ 132,502,453	\$ (207,520,801)	\$ 340,023,254
Surplus as regards to policyholders	\$ 402,381,478	\$ 61,381,905	\$ 340,999,573
Income before taxes	\$ (38,328,329)	\$ 2,000,035	\$ (40,328,364)

See accompanying report of independent auditors.
