

BAM Observes National Hispanic-Latinx Heritage Month

Celebrando a nuestros colegas y asociados hispanos/Latinx

OCTOBER 4, 2021 -- In honor of National Hispanic-Latinx Heritage Month, Build America Mutual and our teams are taking the opportunity to recognize the culture, contributions, and achievements of our Hispanic-Latinx colleagues, counterparties and members. At BAM, we celebrate and embrace the unique contributions made by people of all cultures, and encourage all employees to take time this month to reflect on the history and achievements of the Latinx community who have championed and helped finance essential public infrastructure across the nation. We are committed to supporting the Latinx community and breaking down the barriers standing in the way of their success and opportunities.

We strive to create a workplace where every employee feels safe, valued, and empowered to be their authentic self and embrace the culture of their heritage. Please join BAM as we proudly stand and celebrate our Latinx communities this National Hispanic-Latinx Heritage Month and continue to support the diverse representation in our organization and in the public finance sector.
